Re: Open House schedule 2017-2018

Here is the schedule for the open houses this academic year. Faculty are responsible for preparing and delivering a talk on a subject of their choosing, working with graduate students to select objects to view, coordinating with Ofelia for advertising, and provide overall organizational planning.

Students are responsible for selecting objects to view, operating the telescopes, talking with the people looking through the telescopes, and assisting faculty.

Date	Sunset/Nau. Twilight	Moon phase/ Moon Set	Faculty	Students
FALL 2017				
Friday, September 29, 8 PM	18:54/19:46	0.69/01:04a	McAteer	Vargas, Berdis, Imig
