

Homework Assignment #8

Due Friday 24 October

Read Chapters 10 and 11 of the textbook and answer the “Study Guide” questions at the end of the chapters. Specifically, hand in written answers to:

- Odd-Numbered Study Guide questions 1 - 31 on pages 323 - 325 (353 - 354)
- Calculation questions 1 - 5 on page 326 (355)
- Odd-Numbered Study Guide questions 1 - 25 on pages 357 - 359 (388 - 389)
- Calculations questions 1-5 on page 359 (390)

As usual you should be able to answer the “Questions to Ponder” and the other end of chapter questions but you needn’t provide written responses to them - for now.
